Build a marbelous creation!
Where will the marbles end up?

Marble-palooza™

Get building:

- Make sure to assemble your favorite version of Marble-palooza™ on a flat surface.
- Connect the pieces together by sliding one into another until they click into place and make sure the tubes are assembled vertically to avoid marble derailing.
- To store this marbelous roller coaster, make sure all its components are secured on a flat and stable surface. Prolonged bending of the components could lead to permanent damage.
